Dear diary,
What a busy day! I started with a presentation for my history project, which I've been working on for weeks. I think it went well, and I'm crossing my fingers to be selected for the national level history fair. After school, I had a quick lunch before my football practice, feeling already exhausted. Right after that, I had my piano lesson, which I thoroughly enjoyed. But there was no time to rest as I then went to my drama club rehearsal. Amidst all these activities, I nearly forgot about my math homework, which I must remember to complete tomorrow.
Love,
Mizie

Based on the diary entry, which activity did Mizie had fun doing?

Aleen	My friend Lily and I were on our way home from school. We suddenly heard a loud crash. Our car had been hit from behind by another car. We were bumped forward but luckily our seatbelts kept us safe. My mother quickly checked to see if we were okay before calling 999. I noticed the driver of the other car was injured and unable to get out. Mother told us to stay in the car and she went to check on the driver. Ambulance arrived swiftly helping the injured driver. The experience was frightening but it reminded us of the importance of wearing seatbelts and staying calm during an emergency.
Sabrina	Yesterday, heavy rain started in the afternoon and didn't stop. By evening, the streets around our house were flooded. Water started entering into our living room. My brother and I had to help our parents move furniture and important things to the first floor. We were all scared as we watched the water level rise but we worked together to stay safe. The fire department came and helped us evacuate to a nearby shelter where we stayed until the water receded. It was a challenging experience but it taught us the importance of being prepared for emergencies.
Henry	This morning, while we were getting ready for school, I smelled smoke. My little sister noticed flames coming from the kitchen. We immediately remembered our fire safety drills from school. I quickly grabbed my sister's hand and we both ran outside. We called for our parents. Dad used the fire extinguisher while Mum called the fire department. The fire was put out quickly but it was a terrifying experience. We were all shaken but thankfully no one was hurt. It reminded us how important it is to stay calm and act fast during an emergency.
