

Compare and Contrast

Comparing means to look for things that are the same.

Contrasting means to look for things that are different. Bob and Frank are both monsters. Read both paragraphs. Then use the Venn Diagram to compare and contrast them.

Organic Farming

On an organic farm, food is grown without the use of synthetic fertilizers or pesticides. In organic farming, the emphasis is on soil health and on producing food in harmony with the environment. Organically-grown produce has been shown to be higher in nutrients than the same conventionally-grown items.

Conventional Farming

On a conventional farm, pesticides and/or synthetic fertilizers are applied as needed in order to successfully grow a crop. In conventional farming, the emphasis is on crop yield. Conventionally-grown produce has been shown to be deteriorating in nutrients over the past 50 or so years.

Emphasis is on soil health and on producing food in harmony with the environment.	Pesticides and/or synthetic fertilizers are applied in order to successfully grow a crop.
Has been shown to be deteriorating in nutrients over the past 50 years or so.	Emphasis is on crop yield.
Higher in nutrients.	Both produce food.
Food is grown without the use of synthetic fertilizers or pesticides.	

Compare or Contrast?

DIRECTIONS: Read each sentence. Does it compare or contrast? Underline the clue words. Write your answer on the line.
