

☐ Pre-Assessment

☐ Individual guided practice

☒ Independent/fluency practice

☐ Formative assessment

In What Ways Can You Group Them?

Aim: To classify some things made of plastic based on their properties

Skill: Observing, classifying, communicating

1. Observe these things that are made of plastic

Plastic wrap

Plastic toy block

Plastic photo frame

Clear plastic bag

There are different types of plastic. They have different properties

2. Which of the things are flexible? Which are not?
Classify them in this table

Flexible	Not flexible (rigid)

3. Which of the things are transparent? Which are not?
Classify them in this table

Transparent	Not transparent (Opaque)

Self reflection

How did you do the worksheet?

(write A/B/C)

A. I did it by myself

B. I did it with a little
help

C. I did it with a lot
of help
