

READING COMPREHENSION

Solids
We can see and feel solids. Some solids are hard, and some solids are soft. Trees and feathers are solids. You're a solid, too!

Liquids
A liquid is a thing that can **flow**. Some liquids are thick, and some liquids are thin. Juice and milkshakes are liquids. Can you think of other kinds of liquid?

Gases
The air that you breathe is a gas. We can't usually see a gas but sometimes we can feel it when it moves. On a windy day, we can feel the wind on our bodies.

True or False Exercise

Read the statements below. Write **True** if the statement is correct and **False** if it is not.

1. Solids are things that we can see and feel.	Yes	No
2. All solids are hard.	Yes	No
