

Limites

En cada ejercicio utiliza la gráfica para estimar el valor que se indica, en caso de no existir escribe NE

1

a) $\lim_{x \rightarrow 1} f(x) =$

b) $f(1) =$

2

a) $\lim_{x \rightarrow 1} f(x) =$

b) $f(1) =$

3

a) $\lim_{x \rightarrow 0} f(x) =$

b) $f(0) =$

c) $\lim_{x \rightarrow 2} f(x) =$

d) $f(2) =$

4

a) $\lim_{x \rightarrow -3} f(x) =$

b) $f(-3) =$

c) $\lim_{x \rightarrow 2} f(x) =$

d) $f(2) =$
