The man is _____.

- ☐ the receptionist
- ☐ her dentist
- ☐ a patient

The woman is _____.

- ☐ Russian
- ☐ Canadian
- ☐ Brazilian

Before you go...

A checklist for international travelers

Vaccinations

You may be required to get vaccinated before you are allowed to enter certain countries. Check the immunization requirements of the country you are visiting. The farther off the beaten path you travel, the more important it is to be protected from illness and disease.

Medications

Talk to your doctor before your trip. Your doctor may be able to write a prescription for extra medication or give you tips for staying healthy while traveling. Buy and pack a supply of all medications you take regularly. Carry your medications in your carry-on bags. If you lose your luggage, you will still have them.

Eyewear

If you wear glasses or contact lenses, get a copy of your prescription before you go. Carry it with you in case you break or lose your eyewear. Or be sure to carry an extra pair with you.

Dental care

There's nothing more frightening than having a toothache when you're far from home. Have a dental checkup before you leave on a long trip to avoid any problems.

On your trip, make sure you bring the _____ your doctor prescribes.

- ☐ vaccination
- ☐ checklist
- ☐ medication

You may have to get a _____ before you can visit some countries.

- ☐ vaccination
- ☐ toothache
- ☐ checklist

It's a good idea to bring more than one pair of _____ on your trip.

- ☐ prescriptions
- ☐ medications
- ☐ eyeglasses

See your dentist to avoid having a(n) _____.

- ☐ immunization
- ☐ toothache
- ☐ disease
