I/ Read the text and answer the questions.

Minerals are important for strong teeth and bones. You can find them in meat, fish, milk, vegetables and nuts. This nutrient has got the most energy and is good for our skin and hair. The fat in food such as butter, chocolate, chips, burgers and crisps is unhealthy, but the fat in food like olive oil, nuts and some fish is healthy.

Water is also a very important nutrient. You can't live for more than one or two days without it. There's a lot of this in fruit, vegetables and juice, too.
