MY FIRST FLIGHT

Last week my family and I travelled by plane for the first time, I must admit we all had a few questions that we were too **(1)** _____ to ask anyone, and I guess there are many other teens that could use some **(2)** _____ to help them go through their first flight.

So, first, make sure you arrive with all the **(3)** _____ paperwork to board the flight: that is your passport, which must be valid. As most airlines issue e-tickets, don't worry if you don't get a paper ticket as well. Once you show through your e-ticket to the staff, you will be given a physical boarding pass; this is what will give you **(4)** _____ to the aeroplane.

All travellers get confused by airline rules about baggage. For trips lasting several days or more, you'll need to **(5)** _____ in a piece of hold luggage, while for a long weekend or for a city break, all you need can usually fit into a bag or case which you can take with you on the plane.

Once you've made it successfully on to your flight, look for a number followed by a letter on your boarding pass. That's your seat number. If you can't locate your seat, the cabin crew will be happy to help and put your luggage in a safe place, either in an overhead **(6)** _____ or under your seat. Now, all you need to do is sit back and relax.
