

Reading Test Intermediate

Read the following passage and answer the correct choice

Alice had always loved the idea of going on an adventure. One summer, her parents decided to take a family trip to the mountains. She was very excited because she had never been to the mountains before. The journey was long, but Alice spent the time looking out of the car window, imagining all the fun she would have.

When they finally arrived, Alice was amazed by the beautiful scenery. The mountains were tall, and the air felt fresh and cool. Their cabin was small but cozy, with a fireplace that Emma immediately fell in love with. After they unpacked, Emma's parents suggested going for a short walk in the nearby forest.

The forest was full of tall trees, and Emma could hear the sound of birds singing. As they walked along the trail, they came across a small stream. Emma stopped to watch the water flow over the rocks. She thought it was the most peaceful place she had ever been. Her father told her that there were many different animals in the forest, like deer and foxes, but they were hard to see because they were very shy.

The next day, Emma's family decided to go hiking. They chose a trail that led to the top of a hill, where there was a fantastic view of the valley below. The hike was not easy, and Emma felt tired at times, but she kept going. When they finally reached the top, she couldn't believe how beautiful the view was. The valley stretched out for miles, with rivers winding through it and the mountains standing tall on all sides. Emma felt proud of herself for completing the hike.

For the rest of the week, Emma and her family continued to explore the area. They visited a nearby lake, where Emma tried fishing for the first time. Although she didn't catch anything, she enjoyed sitting by the water and enjoying the peaceful atmosphere. By the end of the trip, Emma knew that she would always remember her first adventure in the mountains.

Questions:

1)- Why was Emma excited about the trip to the mountains? a) She had been there many times before.

b) She had never been to the mountains before.

c) She didn't want to go on the trip.

Reading Test 2.

Passage: The Importance of Speaking English in today's globalized world, English has become the universal language of communication. It is the official language of over 50 countries and is widely spoken as a second language in many others. Mastering English opens doors to numerous opportunities, both personally and professionally. In the business world, English is often the common language used in international meetings, emails, and contracts. Employers value employees who can communicate in English because it helps them connect with clients, partners, and colleagues from different countries. Moreover, English is the language of the internet, science, technology, and entertainment. Most of the information available online is in English, and the largest social media platforms and websites are based in English-speaking countries. Knowing English allows people to access knowledge, stay updated with global trends, and engage with content from around the world. It is also essential for students who want to pursue higher education abroad, as many top universities offer programs in English. Learning to speak English fluently also builds confidence. When individuals are able to express their thoughts and ideas clearly, it enhances their self-esteem and opens the door to new friendships and cultural exchanges. In many cases, speaking English is the key to breaking down cultural barriers and creating a more inclusive and connected world. In conclusion, learning and speaking English is crucial in today's interconnected world. Whether for professional growth, education, or personal development, mastering English is an invaluable skill that enables individuals to participate more fully in global conversations.
