"Tell us about a subject that you like to study at school. Explain why you like to study it."

Sport

Sport is my favorite subject at school. I like sport because it keeps me active and healthy. Every week, we play different games like soccer, basketball, and volleyball. I enjoy running and kicking the ball. Sport teaches me how to work as a team and be fair. It also makes me feel strong and happy. I like trying new sports and learning new skills. Sport is fun and helps me stay fit. That is why I love studying sport.
