

Sofia: Did you watch *The World of Tomorrow* last night?

Daniel: I've never seen it. Was it good?

Sofia: Well, yeah. They made a lot of s[] . I don't know, I [] very hard t[] the future ...

Daniel: Well, I think everything will be very different in the future.

Sofia: Really? Like what?

Daniel: Well, take health, for example. There \ [] doctors any more. Robots will check our health and give us medicine! And we [] any more either because scientists will find a way to stop people [] !

Sofia: That sounds amazing! Anything else?

Daniel: Yes. [] [] any offices in the future. People will work online from home. Or they will work from wherever they are. Maybe they'll work from a café, but not an office.

Sofia: But how will people meet each other? They won't meet anyone or speak to anyone all day! Wait, I know ... don't tell me! [] meet online!

Daniel: That's absolutely right!

Sofia: Hmm, well it definitely sounds different from now. I'm not sure that ...
