"Tell us about a job that you want to have in the future. Explain why you want to have this job."

A Teacher

I want to be a teacher in the future. I like helping others learn new things. Teaching allows me to share knowledge and make a positive impact on students' lives. I enjoy explaining concepts and seeing the moment when students understand something new. Being a teacher also means I can inspire and motivate young minds. I want to create a fun and engaging learning environment. Teaching is important because it shapes the future generation. That is why I want to be a teacher.
