II. Read the article. Match headings (1 - 5) with parts (A - E).

WHAT ARE THE MAIN RULES OF HEALTHY EATING?

Headings

1. <i>What are the Benefits of Healthy Eating?</i>	2. <i>Rule of healthy eating</i>
4. <i>What to eat and what not to eat?</i>	3. <i>What is Healthy Eating?</i>
5. <i>How much food is enough?</i>	

A.

It is important to understand what healthy eating means. Healthy eating is when you eat a variety of dishes and foods that are low in fats, sugars, and processed foods. When you choose the main ingredient of one dish or food, you cannot have more than one serving of it in a day. For example, if you make chicken nuggets with an apple sauce topping, then the apple sauce topping counts as a serving of fruit.

B.

There are many different opinions on what is the right amount of food to eat. Some people believe that a person should eat until they're full while others believe that the body needs less food than what it wants. Some experts say that the best way to keep your body healthy is to have regular meals and snacks throughout the day.

C.

The main rules of healthy eating are deciding what to eat and what not to eat. The guidelines that you should follow are making sure that every meal has a variety of nutrients like protein, carbs, and vitamins.

D.

There are many benefits of healthy eating. The most significant of these is that it stops you from gaining weight and prevents lots of diseases. In addition to these benefits, a diet based on fruits, vegetables, whole grains, legumes (beans), and lean proteins can lower the risk for type 2 diabetes by 23 percent.

E.

There are many rules of healthy eating, and some of them might seem difficult. However, if you keep these guidelines in mind and watch your portions, you should be able to eat healthy without feeling too restricted.

HAVE A GOOD DAY!
