

drivers license

Olivia Rodrigo

1. Listen to the song and complete the lyrics.

I my driver's license
Just like we talked about
'Cause you were so for me
To drive up to your house
But today through the suburbs
Crying 'cause you weren't

And probably with that girl
Who always made me

She's so much than me
She's I'm insecure about
Yeah, I drove through the

'Cause could I ever love else?

And I know we weren't but I've never this way for

And I imagine how you could be so now that I'm gone
..... you didn't mean what you in that song about me
'Cause you forever, now I drive past your street

And all my friends are

Of hearing I miss you, but
I kinda sorry for them
'Cause they'll never the way that I do, yeah

Today through the suburbs
And I was driving home to you

And I know we perfect
But I've never this way for no one, oh

And I just can't how you could be so okay that I'm gone
I guess you what you wrote in that song about

'Cause you said now I drive alone your street

Red stop signs
I still see your in the white cars, front

Can't past the places we to go to
'Cause I fuckin' love you, babe (ooh, ooh, ooh, ooh)

..... we crossed
I still hear your in the traffic, we're

Over all the

....., I'm so blue, know we're

But I still fuckin' babe (ooh, ooh, ooh, ooh)

I know we perfect but I've felt this way no one
And I just can't how you be so okay, now that gone
..... you didn't mean what you in that song about me
'Cause you forever, now I drive past your street
Yeah, you said now I drive alone past your
