

Heather

Conan Gray

1. Listen to the song and complete the lyrics.

I still third of December
Me in your you said it looked
On me, than it did you, if you knew
How I liked you, but I your eyes

As she by
What a sight for eyes
..... than the blue sky
She's got you
While I die

Why you ever kiss me?
I'm not even as pretty
You her your sweater
It's just
But you her better
Wish I were

Watch as stands with her your hand
Put your arm 'round her now I'm colder
But how I hate her? She's an angel
But then kinda she were dead

As she walks
..... a sight for sore eyes
Brighter than a sky
She's got mesmerized
While I

..... would you ever kiss?
I'm not half as pretty
You gave her your
It's polyester
But you like her
I I were Heather

Wish I Heather
(Oh, oh)
..... I were Heather

Why would ever me?
I'm even half as
You gave your sweater
..... just polyester
But you her better
Wish I
