

Chapter 3

The Bug Life

Our world has a lot of insects. We all have seen them flying around. All of them have six legs. Their bodies are divided into three parts. Can you use the image clues and write down the correct names of these bugs?

1. This bug's sting can be very painful.

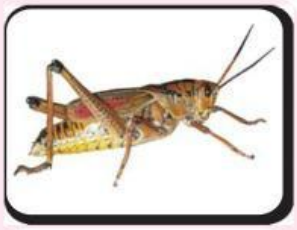

2. In a colony of many of these insects, there is a king too.

3. If you are not careful, this insect will make a home in your hair.

4. This garden insect makes a sound by rubbing its hind legs against its wings.

5. This crop-eating insect usually moves in a very big group.

6. Some of its types are goliath, dung, longhorn, stag and lady bug.

7. The female of this species can lay its eggs just on water.

8. The 'workers' dances to show other workers where the food is.
