

My Day

Every day, I wake up at 7 AM. I eat toast and drink coffee for breakfast. After breakfast, I go to school. I like my school because I see my friends there.

Yesterday, I went to the park after school. I played soccer with my friends. We had a lot of fun! After that, we ate ice cream. I was very happy.

Now, I am at home. I do my homework and watch TV. I like to relax in the evening.

- 1) What time does he wake up every day?
- 2) What does he eat for breakfast?
- 3) Where does he go after breakfast?
- 4) Why does he like school?
- 5) What did he do yesterday after school?
- 6) What did he and their friends eat at the park?
- 7) What does he do when they are at home in the evening?

My Weekend

I usually spend my weekends with my family. On Saturday, we often go to the market. We buy fresh fruits and vegetables. I like to help my mom choose the best apples.

Last Saturday, we visited my grandparents. They live in the countryside. We had a big lunch together, and my grandma made delicious pasta. After lunch, we played games in the garden. It was a lovely day.

On Sunday, I like to relax at home. I read books and watch movies. In the evening, I prepare for school. I do my homework and check my backpack for the next day.

Every weekend is special, and I enjoy spending time with my loved ones!
