Question 19-21: Read the text and choose the correct answers

The Boy Who Lied

Once, there was a boy who loved playing tricks on others. One day, he shouted, "Help! There's a wolf attacking the sheep!" The villagers came running, but they found no wolf. The boy laughed and said he was only joking. He did *this* several times, and each time, the villagers rushed to help but found no danger. Then, one day, a real wolf appeared. The boy cried for help, but no one believed him, and the wolf attacked the sheep. The boy learned that lying causes people to lose trust in you, even when you're telling the truth.

19. What is the main idea of the paragraph?

- A. Wolves are dangerous animals.
- B. Lying leads to a loss of trust.
- C. The boy enjoyed playing with sheep.
- D. Villagers are always helpful.

20. What does the word "*this*" refer to?

- A. joking B. running C. laughing D. helping

21. Which is TRUE according to the text?

- A. The boy only called for help once.
- B. The villagers always ignored the boy.
- C. The wolf never attacked the sheep.
- D. The villagers stopped believing the boy after his constant lies.

Question 22-24: Read the following text

Solar energy works by converting sunlight into electricity using solar panels. These panels are made up of photovoltaic (PV) cells, which absorb sunlight and convert it into electrical energy. When the sunlight hits the PV cells, it knocks electrons loose, creating an electric current. This current is then sent to an inverter, which changes it from direct current (DC) to alternating current (AC), the type of electricity used in homes and businesses. Solar energy is a clean and renewable source of power, meaning it doesn't produce pollution and will not run out. It can be used to power homes, businesses,

and even large industries. With advances in technology, solar energy is becoming more affordable and efficient, making it a popular choice for a sustainable future.

Fill each blank in the following sentences with ONE word from the text.

Solar energy works by using (22)_____ cells in solar panels to convert sunlight into electricity. The cells produce an electric current when hit by sunlight. This (23)_____ is converted from DC to AC by an inverter. Solar energy is clean, (24)_____, and eco-friendly. It's increasingly being used for homes and businesses worldwide.
