

# FINAL TEST – PART 2

## Reading

7 Read the email and decide if the sentences are **true (T)** or **false (F)**.

Hi Jen,

I have the quotes for the new screens.

The first company was SnapBook. Their screen, the XT50, has a unit price of £200 but it will cost £175 per screen if we order ten. Their delivery time is seven days and we need to pay after two weeks. Their customer service office is in Asia.

The second company, InvoTech, has a TR-60 model screen at £150 but a minimum order of twenty. Their delivery time is three days and the payment terms are thirty days. Their customer service office is in the UK. They can send a technician if we have problems.

I like the SnapBook more than the other one, I think. Let's meet this week to talk about this.

Sam

1 If you order the XT50 today, you'll get the product next week. ....

2 The payment terms for the XT50 are fourteen days. ....

3 If you order 20 units of the TR-60, the unit price will be cheaper. ....

4 InvoTech will deliver the TR-60 in three days. ....

5 If there is a problem with the TR-60, an InvoTech technician can visit Sam and Jen. ....

6 The unit price of the TR-60 is lower than the XT50. ....

7 InvoTech has shorter payment terms than SnapBook. ....

8 The delivery time for the XT50 is shorter than for the TR-60. ....

9 The InvoTech customer services department is further from London than SnapBook's customer service department. ....

10 Sam thinks the TR-60 is better than the XT50. ....
