One of my favourite possessions is my travel bag. It's made of soft brown <sup>1</sup>**wood** / **leather** and it's about thirty years old. It was a birthday present from my parents. Each time I use it, it reminds me of past journeys and the adventures I had when I was young. It's a bit <sup>2</sup>**damaged** / **genuine** now and it isn't <sup>3</sup>**special** / **worth** a lot, but it's very <sup>4</sup>**special** / **inherited** to me.

My favourite item of clothing is a <sup>5</sup>**genuine** / **worth** Mary Quant dress from the 1960s. It <sup>6</sup>**inherited** / **belonged** to my mother and I <sup>7</sup>**inherited** / **damaged** it from her – she was a fashion model in the 1960s and had lots of amazing clothes. It has a bright orange design. I think it's really <sup>8</sup>**leather** / **cool**!
