

## In the Kitchen and Garden

In the kitchen stands the \_\_\_\_\_,  
Keeping food fresh, it's the best creator.

At the \_\_\_\_\_, I wash my hands,  
Before I eat, it's what my mom commands.

The \_\_\_\_\_ sprays water, making me clean,  
After a playtime, I feel like a queen!

The \_\_\_\_\_ keeps the room warm,  
On chilly days, it's the best charm.

The \_\_\_\_\_ heats up food for a meal,  
Making tasty dishes that we all feel.

On the \_\_\_\_\_ I boil some stew,  
With veggies and spices, it's good for you!

In the garden, I see a little \_\_\_\_\_  
A new plant growing, oh, what a shout!

In a \_\_\_\_\_, flowers bloom bright,  
Colors so cheerful, what a lovely sight!
