

What is art?

- 1) Write down at least 5 things you think can be classified as “art”.
- 2) Watch the following video here. What kinds of art are mentioned in it? Were you surprised by any of them?

True or False?

- 3) Watch the video again and complete with T (true) or F (false). If the sentences are false, explain why.
 - a) When people hear the word “Art”, they usually think about museums and sculptures.
 - b) Art is only for intellectuals or artsy people.
 - c) A quilt made by someone’s grandmother can be considered art.
 - d) Art has always been the same way throughout history.
 - e) People have different reasons to create art.
 - f) The emotions you feel towards a piece of art depend on the things that come together to make up who you are.
 - g) Different people always have the same reaction when experiencing a piece of art.
 - h) Having different reactions to the same piece of art is ok.
 - i) The emotions you feel when listening to your favorite song can be the same someone else feels when looking at their favorite sculpture.

Homework!

- 4) For our next lesson, try to find 3 more kinds of art not mentioned in the video.
