There's a place I ..... that we should go

Would you ..... me there? Your lady fair

There's a brook nearby, the grass grows high

Where we both ..... hide side by side

Hooray, hooray, it's a holi-holiday

What a world of fun for .....

Hooray, hooray, it's a holi-holiday

Sing a .....song, skip along

There's a ..... fair not far from there

On a carousel, the ding-dong bell

On the loop-de-loop, we'll swing and swoop

What else we'll.....is up to you

Well, again, fun is the thing I'm .....

Now let's go live it up ....., get set for love and laughter

Well, let's go, time isn't here for wasting

Life is so ..... of sweet sweet things, I'd like to do some tasting

Now the countryside, we ..... a ride

Where the stars will shine, lots of time

Back of your .....car, we might get far

In the ..... breeze, we feel at ease
