

Murphy's Law

- a If you're in a slow queue at the supermarket and you change to a different queue, what will usually happen?

- b Read the first two paragraphs of the article and check. Who was Murphy? What is his 'Law'?

If something can go wrong...

If you're in a queue at the supermarket and you change to another queue which is moving more quickly, what will happen? The queue you were in before will suddenly start moving faster. What will happen if you take your umbrella because you think it's going to rain later? It won't rain, of course. It will only rain if you forget to take your umbrella. These are examples of Murphy's Law, which says, 'If there is something that can go wrong, it will go wrong'.

Murphy's Law took its name from Captain Edward Murphy, an American aerospace engineer from the 1940s. He was trying to improve safety for pilots flying military planes. Not surprisingly, he got a reputation for always thinking of the worst thing that could happen in every situation. Here are some more examples of Murphy's Law.

Shopping

- 1 If you lose a glove and buy a new pair....
- 2 If you order something online....

Transport

- 3 If you stop waiting for a bus and start walking....
- 4 If you're in a taxi and you're late for something important....
