## English Worksheet

| | |
|---|---|
| Nombre: | |
| Curso: 6 básico | Fecha: |
| Docente: Karen Guzmán Gallardo | |
| Unidad 4<br>Objetivo: Identificar vocabulario de los medios de transporte. | |

I. Read and answer the questions.

Different means of transport can take us to many different places. Some have got wheels and others haven't. Cars have got four wheels and they are fast. Regular bikes have got two wheels and they also have got pedals, but they are slow compared to cars. Planes have got wheels too, but only for landing. They have got two wings and they can fly long distances; they are really fast! Boats don't fly or have wheels and they move slowly, but they can travel long distances on water.

a. Which means of transport have got wheels?

_____

b. What do airplanes use to fly?

_____

c. Which means of transport moves on water?

_____

d. Why do planes have wheels?

_____

e. What other means of transport do you know?

_____

LIVEWORKSHEETS

II. Read and match the description with the image.

a

I take you to school.
I've got four wheels.
On streets I move.
What am I?

b

I've got two wheels.
I fly up in the sky
and I take you to
places in no time.
What am I?

c

I'm big and have got
wheels. I move on my
rails. I take you to a
lot of places just like
in tales.
It's a ?
