This passage is about the Oxford and Cambridge Boat Race.

The first Oxford and Cambridge Boat Race was held at Henley-on-Thames in 1829. That's when two friends, Charles Wordsworth, who went to Oxford University and Charles Merrivale, who went to Cambridge University, decided to challenge each other to a boat race. Oxford won the race easily and the winning boat is on display at the River & Rowing Museum in Henley. The race has been held annually since then, except during World War I and World War II. The loser of the race traditionally challenges the winner to a rematch every year.

Only students attending either of the two universities are permitted to take part. The race takes place on the River Thames in London, where it is a tradition for the universities to compete in a demanding 4-mile rowing race. With each team celebrating an impressive number of wins, the competition between the two universities remains very strong.

The race has become a significant event in British sporting culture and is watched with excitement by millions of people. It is subject to huge media coverage with locals gathering along the river bank to cheer on the rowers. Specifically, over 250,000 people watch the race from the bank of the river each year, while over 15 million watch it on television. Despite the fact that the race has existed for over 180 years, there is no sign that it is decreasing in popularity. There is little doubt this historic race will remain an important feature within UK sporting culture for many more years to come.

- What is the purpose of the article?
 - to describe the origin of the Oxford and Cambridge Boat Race
 - to compare the rowing skills of Oxford and Cambridge University students
 - to examine the future of the Oxford and Cambridge Boat Race
 - to describe the history, present and future of the Oxford and Cambridge Boat Race
- What was the reason behind the start of the Oxford and Cambridge Boat Race?
 - an invitation to compete for fun
 - an opportunity for the university students to have their boat put in a museum
 - the wish to begin a new annual tradition in Heneley
 - a chance to show that Oxford students are better at rowing than Cambridge students
- Who participates in the boat race?
 - anyone who is a resident in the United Kingdom
 - people who live in either Oxford or Cambridge
 - anyone who is currently a university student
 - students attending either Oxford or Cambridge University
- What is implied at the end of paragraph two?
 - They are equally strong teams.
 - The Oxford University team is stronger.
 - It is a very friendly race.
 - It is a very difficult race.
- In the second sentence of the third paragraph, what does 'it' refer to?
 - British sporting culture
 - the media
 - the race
 - the river bank
