### A day at the office with Jon

When I arrive at the office in the morning, my laptop, keyboard and a mouse are on my desk. It's near a big window. My keyboard is white, but my seven coworkers have blue ones. My screen is also white and all my pens and pencils are white too! We have a lot of space in the office and we do a lot of work on our laptops. Our chairs are all different colors. My chair is white, of course, but my coworkers have blue ones, green ones, yellow ones and red ones. The office is very colorful.

There are six outlets under every desk. I use three of them for my laptop, my big white screen and the printer, but I sometimes use the extra one to plug in my telephone.

There is a special calendar on every computer because we make a lot of plans for meetings. I do that on Mondays and Fridays. There is one meeting at 3 o'clock today and I need to prepare some important documents and files for that one. I usually take my laptop into every meeting. I never print any documents.

At lunchtime, I go to the big café across from the office with two of my coworkers and we use the free Wi-Fi to play games on our smartphones. We are always connected to Wi-Fi!
