PART 5

You should spend about 20 minutes in this part.

Read the text below. Eight sentences have been removed from the text.

For **33** to **36**, choose from the sentences **(A – D)** to fit each gap.

For **37** to **40**, choose from the sentences **(E – H)** to fit each gap.

A Safari Adventure

Last weekend, Dean and his family embarked on an unforgettable journey to the safari park. **(33)** _____ They could see the many majestic creatures roaming freely at the safari.

Their knowledgeable safari guide led them through the huge park. They saw the tall giraffes gracefully munching on leaves. Their long necks were reaching high into the trees. **(34)** _____ Their distinctive black and white stripes looked amazing.

As they ventured deeper into the heart of the safari, they encountered a pride of lions. **(35)** _____ The lions looked strong and magnificent.

(36) _____ It was hidden among some branches. A bit further away, they came across a group of mischievous monkeys. The family giggled as the monkeys swung from tree to tree happily.

At the end of the journey, Dean and his family were glad they had visited the safari. The safari had opened his eyes to the wonders of wildlife and left him with memories that would last a lifetime.

A Zebras trotted alongside their vehicle.

B The family also spotted a leopard on a tree.

C They felt very excited as they drove through the gates.

D They were basking lazily in the sun.

LIVEWORKSHEETS

The Amazing Orangutans

Orangutans are amazing animals. They live in the rainforests of Southeast Asia. They are very special because they are the largest tree-dwelling animals in the world!

Orangutans have beautiful orange-brown fur and long, strong arms. **(37)** _____ Orangutans make their homes in the treetops. They build nests out of leaves and branches to sleep in at night.

(38) _____ They use tools like sticks and leaves to help them find food, like delicious fruits and tasty insects hiding in the trees. They're like nature's engineers!

But orangutans are in danger. **(39)** _____They want to make farms and buildings. This makes it hard for orangutans to find food and places to live. We need to help protect the rainforest and all the animals that live there, including orangutans!

Luckily, there are people working hard to save orangutans. They're planting trees and teaching others about why orangutans are important. **(40)** _____ We can learn about orangutans, tell our friends and family about them and do things like recycling to help save their homes. Let's all work together to keep these amazing animals swinging happily through the trees!

E We too can help to save the orangutans.

F People are cutting down their homes, the rainforests.

G Orangutans too are very intelligent.

H They use these arms to swing from tree to tree.
