

The background of the page is filled with numerous small, colorful alphabet blocks. Each block is a small cube with a different color (white, yellow, green, blue, pink, purple) and a letter of the alphabet embossed on it. The blocks are scattered across the page, creating a playful and educational atmosphere.

Name:

Date:

SHARKS AND CLOWNFISH

Read the text.

SHARKS

Sharks are very big sea animals. They live in the sea all over the world, but they don't live in rivers or lakes. There are many different kinds of sharks. Some are very big and some are small. Some are very dangerous and some aren't.

CLOWNFISH

Clownfish are small, orange fish with white stripes. They live in the Pacific Ocean and the Indian Ocean. Clownfish live in groups with other clownfish. They live in the same place all their lives. The biggest fish in the group is a female and the next biggest is a male. When the female dies, the male becomes a female.

Answer the questions.

1 Where do sharks live?

2 How do clownfish look and where do they live?

3 Do clownfish live alone or in groups?

4 What happens when the female clownfish dies?

Match the verbs with the suitable words
