# Student worksheet Instructions

- Include your identity on the first page of this worksheets.
- Do every work step in the worksheets carefully
- Each activity in the student worksheets is equipped with steps for the process.
- Do it with full responsibility and discipline.
- If there is something you don't understand, you can ask the teacher.
- When you have finished working on it, you can submit the complete worksheets results to the teacher.

## LEARNING OBJECTIVES

1. By reading to the procedure text given which is displayed on the Interactive Learning Presentation Media and E-Books, students can analyze the structure of the procedure text that is in the procedure text.
2. By analyzing the text procedures displayed in the Interactive Learning Presentation Media and E-Books, students can understand how to use text procedures in everyday life.
3. By observing various types of procedure text related to how to make something, students can make a procedure text about food.

# ACTIVITY 1

Look at the following procedure text and answer no 1-5

## Healthy Salad

### Ingredients:

- \* Lettuce
- \* Cucumber
- \* Tomato
- \* Carrot
- \* Olive oil
- \* Vinegar
- \* Salt
- \* Pepper

### Instructions:

First, wash all vegetables thoroughly.

Next, cut the lettuce, cucumber, tomato, and carrot into bite-sized pieces.

Then, lace the vegetables in a large bowl.

After that, in a small bowl, whisk together olive oil, vinegar, salt, and pepper to make the dressing.

Finally, Pour the dressing over the salad and toss to coat and serve immediately.

## How to Make Apple Juice

Then turn on the blender, and run it until it becomes smooth.

Wait a few moments for it to settle, finally the apple juice is ready to be served!

First, prepare the apples. Peel and quarter the apples in sections.

After it becomes smooth, strain the juice into a glass to get the liquid.
