- To produce the /ə/ sound, relax the tongue at the bottom of the mouth. Put the tip of your tongue against the lower front teeth. The lips are slightly parted and there is almost no movement.
- The sound “schwa” /ə/ is the most common sound in English. It appears in every vowel (a, e, i, o, u).
- It appears in unstressed syllables.
- It's a short sound.
- The “schwa” is a neutral vowel.
