Skills	Listening skills: - identify the main subject of conversations - identify the functions that speakers use	..... pts/10	QR code:
	IELTS Listening skills: Matching Questions	..... pts/10	

**Exercise 1. [Identify the functions that speakers use]** Read the information. Then read and listen to the extracts. Look at the underlined words and phrases. What are the students doing when they speak?

Match the functions in the box with the extracts.

- |  |   |
|--|---|
| a. agreeing strongly with what the other person said | b. checking what someone meant          |
| c. contrasting different things                      | d. correcting the other person          |
| e. explaining what you meant                         | f. suggesting a new thing to talk about |

- When some people tell lies, they don't make eye contact with the person they're speaking to. However, in some cultures, avoiding eye contact is a sign of respect. \_\_\_\_
- You mean with machines? \_\_\_\_
- Exactly. Machines can tell us a lot, apparently. \_\_\_\_
- So, it's usually possible to tell if someone's lying from their body language, isn't it? \_\_\_\_
- That's not always true, actually, because liars often believe the things they're saying. \_\_\_\_
- People are less likely to lie when they're face-to-face with you – you know, when they're right in front of you. \_\_\_\_

**Exercise 2. [IELTS Listening: Matching]** Listen to the recording and answer the questions.

Which company website has the following features?
