He has a small face that is amazingly able to fit the parts of his beautiful face. His eyebrows are thick and swooping, which sometimes hide under his bangs. big eyes with lids that change every moment. The pupils are black as tapioca pearls, hypnotizing anyone to enter Jeon Jungkook's galaxy. He has a big sharp nose with a round tip just like a kindergarten slide.

Jeon Jungkook is the main vocalist in BTS. He sounds so angelic even the autotune is afraid to meet him. Jungkook really loves to sing, he sings in different genres, including ballad, pop and etc. not only can sing, he also takes credits in BTS and his own song, such as still with you, love is not over, Decalcomania (unreleased), etc. As a kpop idol he is also known as the Ace of his agencies, because he is all rounder.
