Thank You Lord

(The 50th Anniversary celebration)

Stand by the bay serve for our place
over five decades keep our way
Take care of girls with leading God
Grow them in their own pace

We build up ourselves build up others
get along with love we love God
Love and Caring Honest Humble follow what Foundress taught

Problems all sort even get lost
Guide us right way thank you Lord
Strive for our thought till reach the top
blessing wanna never stop
