

FIVE GROUPS OF LIVING THINGS

Match the name of the group of living things to its picture.

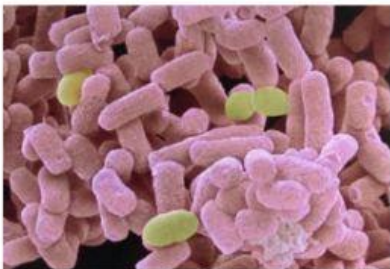

ALGAE

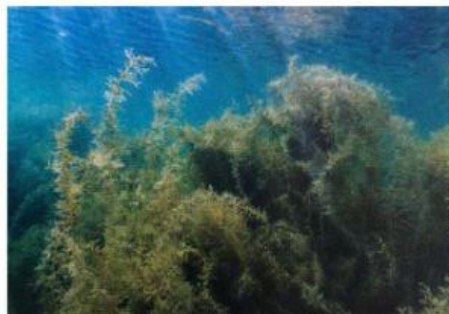

PLANTS

BACTERIA

ANIMALS

FUNGI

Choose the answer VERTEBRATE or INVERTEBRATE.

1. Animals without backbones

VERTEBRATE

INVERTEBRATE

2. Animals with backbones

VERTEBRATE

INVERTEBRATE

3. 3% of all animals

VERTEBRATE

INVERTEBRATE

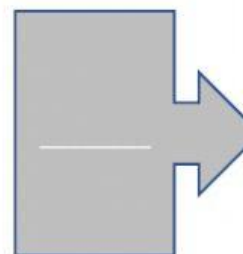

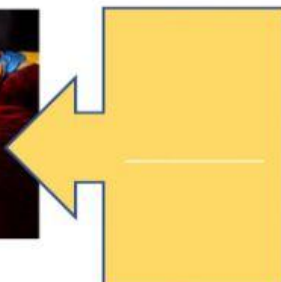

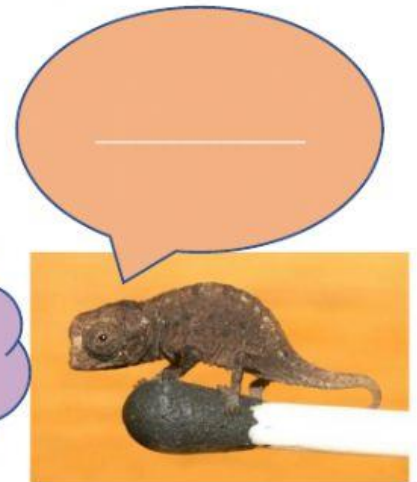

4. Majority of all animal species

VERTEBRATE

INVERTEBRATE

FIVE GROUPS OF VERTEBRATES

LOOK AT THE PICTURE AND WRITE THE GROUP OF VERTEBRATES IT BELONGS TO.

REPRODUCTION

Match the different ways of reproduction to their definition.

VIVIPAROUS

OVIPAROUS

OVOVIPAROUS

EGGS DEVELOP AND HATCH
INSIDE THE MOTHER'S BODY.
MOTHER GIVES BIRTH TO
LIVE OFFSPRING.
