

Safe food storage – homework

Make a list of safe food storage practices (5 practices) and note if you do these practices in your household. Add your commentary on what could be improved.

<i>Safe food storage practice</i>	<i>Does your household practice it?</i>	<i>What could be improved?</i>
Example: washing vegetables before putting them in the fridge	Example: Yes.	Example: Let the vegetables soak for a bit before drying them and putting them away.
