Quick snacks

Three teenagers tell us their favourite snacks that they can make in less than ten minutes.

My favourite quick snack is pizza bread. I toast a piece of bread for two minutes. Then, I put tomato sauce on one side, add cheese, some herbs and spices and more cheese! Then I toast the side with the cheese for two minutes. Five minutes to make and two minutes to eat! Delicious! – Gerard

My mum makes a snack called pikelets. They're very simple and now I can make them. The most important ingredients are eggs, butter and sugar. You mix everything together and cook a bit of the mixture and turn it over. Each pikelet takes about two minutes to cook. I put chocolate sauce on them. I can eat five or six! – Harriet

I make a smoothie by putting four pieces of frozen banana, some other fruit and some milk in an electric mixer. I mix it for one minute and drink it! It's very good for you. I sometimes use vegetables as an alternative to fruit. Making a smoothie is cheaper than going to a juice bar, but it's nicer when someone makes it for you! – Polly
