Activity # 2

The sentences below are from a story. Organize the sentences in the right order. The first sentence is done for you.

1. I woke up early on Saturday because I wanted to find a new place to live.

The first one I saw was close to where I work but the kitchen was quite small.

I chose those four to look at because all the others were too expensive.

As I don't need a big kitchen, I decided on the first place.

I found the addresses of four places I wanted to see.

The next three needed too many repairs and were not as close to my office.

Before I left the house, I checked the newspaper and the internet.
