## A BIG EVENT FOR PERU

In 2024, Peru will host the Asia-Pacific Economic Cooperation (APEC) Summit. APEC is a group of 21 countries from the Asia-Pacific region. They meet every year to talk about business, trade, and how to make life better for people in their countries. The APEC Summit is very important because leaders from many countries come to discuss important issues.

Peru is very excited to host the 2024 meeting. The government is preparing special places for the leaders to meet. There will be many visitors from other countries, and they will come to Peru to talk about different things, like trade and the economy. This event will bring attention to Peru and help the country in many ways.

Many people in Peru are also happy because they will be able to meet people from other countries. They will learn new things about business, culture, and how to work with others. It's a chance for Peru to show its beauty, culture, and history to the world.
