**will and would for habits;
I wish he would**

1 Choose the correct alternatives.

How times change!

I have a brother, Ben, who's a few years younger than me. When I was young, he ¹ *will/would* drive me crazy. He ² *d/'ll* do everything he could to annoy me. I think he just wanted attention, but I ³ *didn't/wouldn't* realise it at the time. One thing in particular that ⁴ *used/wish* to irritate me was when he took things of mine and hid them so I had to spend hours looking for them. He ⁵ *thought/would think* that was hilarious. These days, though, trying to get his attention is impossible! He ⁶ *would/will* ignore my messages for weeks before he finally replies, and when he does get back to me, he gives really short answers. I know he loves me and that he's busy, but I wish he ⁷ *d/'ll* be a bit more like he ⁸ *used to/would* be. So James, call me!
