

Name:.....

Red, Orange

Make ten to subtract

$14 - 6$

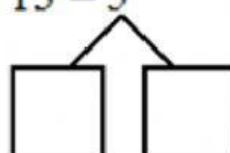

$14 - \square = \square$

$\square - \square = \square$

So, $14 - 6 = \square$.

$13 - 5$

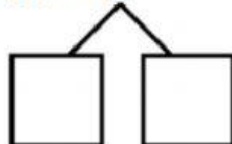

$13 - \square = \square$

$\square - \square = \square$

So, $13 - 5 = \square$.

$15 - 8$

$15 - \square = \square$

$\square - \square = \square$

So, $15 - 8 = \square$.

$11 - 7$

$11 - \square = \square$

$\square - \square = \square$

So, $11 - 7 = \square$.
