Hi, Rosie!

My vacation in Scotland is amazing! Yesterday I arrived to It's the capital of the country. But Edinburgh isn't its biggest - the biggest one is Glasgow.

At first, I went to the - the hill where Arthur decided to meet his enemy. He was the wise king - you can see the entire city from this place! Then I went to Edinburgh University. Guess who I saw in the park??? A man who was wearing and playing the ! Lots of were staying near him: they were and listened to him.

What about you? Have you already booked the tickets to Sydney? Text me soon!
