

STUDENT'S NAME AND SURNAME:DATE:

Mock Exam
2ND LEVEL

1) Marissa is a big fan of the cartoon 'Dexter's laboratory' and she has just created a fanpage. Read about Dexter

Hello! My name is Dexter and I'm ten years old. I'm from the USA. I live with my mum, my dad and my sister in a house in the city of California. I have got red hair and big glasses. I usually wear boots because I'm very short. I'm intelligent and creative. My favourite school subject is Science so there is a secret laboratory in my house. It's big and it has got a long desk where I do my homework and some experiments. I like Mondays because I go to school at nine o'clock and I have Science at quarter to ten. The teacher usually teaches how to do experiments. It's fantastic. In my free time, I never play video games. I always study Science and Maths.
