Rearrange the story.

The bear got attacked by swarms of bees.

The bear thought there was no more honey in the cabinets and went to find some.

The bee tried to prevent the bear from taking the honey

The bear found a beehive on a tree.

The bear ignored the bee and got annoyed by the bee.

The bear got stung by one bee on the nose.

The bear squashes into the beehive and it falls.

The bear ran back to his house and Mrs Bear gave him medicine.

Turns out, the honey was behind the flour all along.
