Hi Andy!

I went to Cambodia with my family on my last vacation. We went by minibus. We went to the mountain, the forest, and the beach. It was really exciting.

Cambodia is close to Vietnam, so it is easy to get there by minibus. On the first day of the vacation, we climbed a mountain and had a barbecue. We spent the second day in a forest. There were a lot of animals such as monkeys, birds, and insects there. On the third day, we stayed on Koh Rong Island. We played volleyball on a beautiful beach on that island. It was awesome!

See you soon!
