

1. Perhatikan gambar di bawah ini!

Mencari volume balok:

Volume Balok = panjang x lebar x tinggi

Volume Balok = x x

Volume Balok =

Mencari volume limas:

Volume Limas = $\frac{1}{3}$ x Luas alas x tinggi limas

Volume Limas = $\frac{1}{3}$ x (panjang x lebar) x tinggi limas

Volume Limas = $\frac{1}{3}$ x (x) x

Volume Limas = $\frac{1}{3}$ x

Volume limas =

Volume Total = Volume balok + volume limas

Volume total = +

Volume total =
