

## Fracciones según la unidad

1. Escribe la fracción representada e indica si es propia, impropia o igual a la unidad.

2. Arrastra a la casilla correspondiente.

Propias

Iguales a la unidad

Impropias

$\frac{2}{3}$

$\frac{8}{10}$

$\frac{8}{8}$

$\frac{12}{12}$

$\frac{4}{7}$

$\frac{4}{3}$

$\frac{6}{6}$

$\frac{8}{6}$

$\frac{9}{5}$

3. Pulsa los cuadritos para representar las fracciones, escribe su clase según la unidad.

a.  $\frac{2}{3} =$  

b.  $\frac{5}{2} =$    

c.  $\frac{4}{4} =$  

c.  $\frac{5}{6} =$    

4. Relaciona la fracción con su nombre y representación gráfica.

$$\frac{3}{6}$$

Tres octavos

$$\frac{4}{8}$$

Trece quintos

$$\frac{13}{5}$$

Tres sextos

$$\frac{6}{6}$$

Cuatro octavos

$$\frac{3}{8}$$

Seis sextos
