

Module 2 – Jobs related to crime

Student:

What are some of the jobs that exist that are related to crime?

Match the job related to crime with the correct definition.

JOB	DEFINITION
Probation Officer	A detective who is not in the police, but who can be employed to find out information, find a missing person, follow somebody, etc.
Forensic scientist	is a professional who analyzes crime scenes, collects evidence, takes photos, and measures areas of interest in partnership with other members of law enforcement to solve crimes.
Crime scene investigator	A person whose job is to guard a building, money, etc.
Security guard	A person whose job is to check on people who are on probation and help them.
Private detective	A person who collects, preserves, and analyzes evidence during an investigation.
