

## A DAY IN MY SCHOOL

Maria wakes up early to study before her classes begin. She arrives at school a little earlier to have time to read over her notes and textbooks. After reading, she writes down some key points she wants to remember for the day's lessons. During the break, she takes time to eat her lunch and recharge for the rest of the day.

In the afternoon, Maria enjoys participating in class activities, where she can sometimes play educational games with her classmates. After the lessons are over, she stays for a bit to clean her desk and organize her materials.

When the school day ends, Maria prepares to leave the classroom. She arrives home later, feeling proud of all the studying and learning she accomplished during the day.
