Activity #4.

Match Activity: “Find the correct couple.”

The screenshot shows a "Match Activity" game interface. On the left, there are 8 descriptions in a list, each with a green circular icon to its right. On the right, there are 8 corresponding images, each in a box with a green circular icon to its left. A timer at the bottom left shows "00:03". The interface is titled "Match Activity" and "Página 1 de 1".

- Has four equal sides and four corners
- Activity where you fit shapes into a larger one
- A shape with three sides
- Has four sides with opposite sides equal and parallel
- Lacks one or more critical attributes
- Can combine two of these to make a rectangle
- Shapes in drawings or classroom objects
- Helps children understand spatial relationships
